

Water Reward Chart

It's really important we all save water. By using water wisely, we can help save water, money and help the environment. We use water every day for things like drinking, cooking and cleaning. On the Earth, only 1% of the freshwater (water without salt) can be used for these things, so we need to protect what we have.

Put a tick or sticker in each box on the next page every time you do one of the actions listed to see how many time you can save water this week and be a Super Splash Hero!

This chart belongs to _____

	MONDAY ★	TUESDAY ★	WEDNESDAY ★	THURSDAY ★	FRIDAY ★	SATURDAY ★	SUNDAY ★
I turned off the tap when I brushed my teeth							
I used a plug in the sink when I washed my face							
I watered the garden using a watering can instead of a water hose and where possible I re-used leftover water							
I had a short shower <i>Try to shower for 4 minutes or less</i>							
I didn't fill up my bath to the top							
I stopped the drop! I tightly turned off the taps to make sure they didn't drip							
I helped fill up the dishwasher <i>A full dishwasher uses less water than washing dishes by hand</i>
